All of which is respectfully s CHARLES GIBBS, Chairman.

On motion of Supervisor McLauchlan, he claims of overseers of the poor, from which said committee asked to be relieved, were ordered paid.

The following reports, submitted by the committee on pauper claims, were also Mr. Chairman, de.: We hereby submit

our annual report of the county asylum, jail, and indigent sick of the city of Ottawa: There has been no unusual amount of

dition as it is possible, from its faulty con struction in manner of heating, ventilation, and culibary department. The addition of the ice house to the asylum has been a grand improvement to that institution; thereby furnishing a means for the preservation of meat, not only in an economic point, but also by giving a more

healthful article of diet. The number remaining at the last report was 113. Admitted since, 132; discharged, see 101; died, 19; births, 3. Making the total cared for during the year, 255. The percentage of deaths per 1,00, is

want of better accommodations, the county has been obliged to furnish quarters with the first mentioned parties—a class whose disability appeals to our tenderest sympathy: I refer to the insane. In the last ten years, 355 have had a hearing before our County Court and de-

clared insane, making an average, in round

numbers, of 1 to every 1,500 inhabitants of the county, annually. Two years ago, the State relieved the asylums of all, or nearly all, of their insane. But in consequence of the failure of the State to furnish sufficient quarters, those institutions becoming overcrowded, they were obliged to refuse additional patients unless relieved by an equal number in the asylum, so that at the present report

we have twenty-four incurables in the

county asylum. Believing as we do, that the care of this class should be placed upon little entirely a better and different footing from those in the ordinary asylum for the indigent, on a footing similar period haps to our State institutions for the m s care of like individuals, we feel that we would be negligent of our duty did we not appeal to your generous natures to carefully consider this subject, asking of you, the Board of Supervisors of the large and wealthy county of La Salle, to begin to cast about you evolve and mature plans 150 looking to the care of all our insane.

The present mode is indeclared insane;

The amount of suffering endured by such patients is often most distressing. The plans of admission ought to be corrected by law, so that as soon is as declared insane, they would be taken to the State asylum. If this cannot be done, then a duty involves upon the mensurate with a proper and humane care mensurate with a proper and humane care then a duty involves upon this board com-1751 of this most important class of all human beings.

Mr. Chairman, dc.: Your committee would recommend that Dr. Dyer and Dr. Hatheway be appointed physicians for the county asylum, county jail, and town of Ottawa; that Dr. J. M. Hess be appointed physician for the towns of Bruce, Eagle, and Otter Creek; and that Dr. C. F. Magar be appointed physician for the town of LaSalle.

That Dr. Dyer and Dr. Hatheway receive \$625 per year for such services; that Dr. J. M. Hess receive \$20 per month for his services; and that Dr. C. F. Magar receive \$150 per year for his services.
